

A.WHEN YOU ARE AFTER A NEW LOOK AND FEEL FOR YOUR HOME,

B.DECIDE WHICH AREA TO IMPROVE,	C.CHOOSE A PROJECT,	D.ENJOY THESE RESULTS
storage	Add open shelves with baskets; convert closet to cabinets and drawers	Keep essentials in sight or filed behind closed doors
work or study	Build-in desk; install wood or tile floor and work sink	Get more done with an efficient work area; nurture your creative side with a studio look
gathering or public	Lower ceiling over casual dining area; enlarge casual dining area; add imaginative lighting	Intimate, cozy social area; spacious family spaces for multitasking; change the mood with the touch of a dimmer
kitchen	Paint or reface cabinets; add under-counter lighting; tile backsplash	A cool, contemporary look, a cottage kitchen, or a mixed metaphor with elements of both
bedroom	Paint, wallcoverings, floor coverings, window treatment	A private space to relax and regenerate
outdoor	Replace deck flooring; install canvas awning over deck; install porch and landscape lighting	Decks and patios become inviting outdoor rooms, especially on those cooler summer evenings; security
bathroom	Re-arrange fixtures and create a closet; add beadboard; add window or glass block	A spa to pamper yourself; a teen-friendly bathroom

Table: Look/feel renovation by area
